

Find Expertise in Fastening Solutions WITH SCREW PRODUCTS

Screw Products is now a brand of Lawson Products. You'll find the same excellent customer service, and the same variety and quality products you depend on, now backed by more than 65 years of experience.

A Full Line of Fasteners

Work confidently and rely on the fasteners and related products that meet your standards for both your MRO and production line needs, including special or modified parts

Sourced Product Assortments

Work more efficiently with the essential production-grade fasteners and hardware you need, the way you need them with pre-assembled and specialized assortment kits customized for specific applications

Production-Grade Finishes

Enhance product performance and final installed appearance with special product coatings and plating

Bulk Quantities

Reduce downtime and ensure you're never caught out of stock when you buy in bulk or custom quantities

Custom Packaging

We package product in the container best suited for your business—whether it be assortment kits, drawers, bags, boxes or 5-gallon buckets—and labeled with purchase orders and part numbers

• Bolts

• Nuts

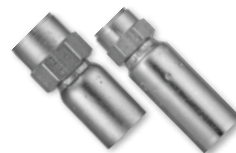

• Screws
